

Storage unit

## Description

With a contemporary design the storage unit Grant is the perfect choice for a spacious dining area. Piece by piece, the master cabinetmaker inlays and combines a large number of round ash wood dowels getting smaller and smaller; only in this way, without the industrial hectic times to be respected, the product takes shape and becomes an artwork. The central open drawer has internal partitions to contain precious sets of cutlery. A metal base with a tubular cross motif gives further elegance and refinement to this piece of furniture.
